

LEAD TECH

Thermal inkjet system

T2 Industrial Thermal Inkjet

It uses the thermal inkjet technology to provide quality print for the production-oriented enterprises and to effectively improve recognition rate.

innovative combination of intelligent high resolution and flexible options to meet wide and high-speed printing applications, therefore greatly reducing the cost of equipment.

Intelligent

Embedded Intelligent operation system
Support Blue tooth connection with cell phone, Support Wi-Fi connection for remote control
Support USB flash disk database and external real-time variable database printing

High Cost Performance

Low cost and high quality printing performance.
improved ink, suitable for all kinds of materials and industries

Portable

Separated design with vernier device, easy to install, support 1-2 PCS printhead setting

Efficient

New aluminium alloy cover with good heat dissipation, suit for long time working.

Worry free

Simple operation, non-maintenance

Industrial Design

5 inches high definition resistive touch screen, anti-interference and durable

Aluminium alloy cover, artistic and fashion

www.leatech.ltd

T2 Industrial Thermal Inkjet

Print Head

Thermal inkjet 2.5

Operation System

Linux

CPU

Quad core 1.4GHz

Interface

USB\RS232\Wi-Fi\LAN

Language

English,Turkish,Arabic,Korean,Spanish,
French,Portuguese,Russian,German

Print Distance

Best quality with:2-5mm

Print Resolution

600dpi Maximum

Print Height

1mm Minimum,25.4mm Maximum

Ink type

Water-based/42ml,Solvent/42ml

Ink Color

Black/White/Red/Blue/Yellow/Green/Invisible/UV

Print Content

Chinese/Englist/number/symbols/QR code/bar
code pictures/dates/counter/variable data

Print Media

Boards/Carton/Stone/Pipe/Cable/Metal/Plastic
Electronic/automotive part

Power supply

AC220V \pm 20%, DC30V/10A

Material of printer

Aluminium alloy

Dimension

Controller 130x100x42mm

Printhead 90x110x107mm

Weight

Controller 0.5KG,Printhead 0.5KG

Operational Environment

-10°-- +45°C; 40%-60%RH

The Perfect Identification Creator

Lead Tech is a trusted provider of continuous inkjet ,
laser coding and carton marking equipment provider.
